Poor Knights Caves & Caverns

March 2nd - 4th

OceanBlue and TechDive NZ are proud to offer you our unique caves and caverns live-aboard experience. Join us at the beautiful Poor Knights for three amazing days exploring the many mysterious and hidden places inside these iconic islands.

Come exploring with us

Cavern and cave diving offers a unique combination of beauty, peacefulness and adrenalin. Enjoy the buzz and excitement that comes from entering 'inner-space' as well as the calmness that comes from getting away from the crowd. Tackle your fears and challenge your diving skills in an environment both serious and stunning at the same time - and do it all with NZ's only qualified cave instructor.

No one else in New Zealand offers a training or diving experience like this!

The Poor Knights is the perfect place to start your cavern diving career, offering a wide variety of potential sites: Taravana Cave, Red Baron Caves, Crystal Cave, The Labyrinth, The Lost World, Long Cave, Mine Shaft, Big-Eye Cave and more. The visibility is good, the water is warm and there is scope for everyone to enjoy the dives, from beginner to fully qualified cave divers.

We have spent the last few years scouring the islands and checking and exploring every crack, crevice, cavern and cave - no one knows the inside of the Poor Knights better!
